

Which **documents** do I need for my personal injury claim?

We recommend that you try to bring the following items with you to your **first meeting** with our personal injury attorneys:

-  **Photo** and other factual information about the accident
-  **Contact** information for everyone involved (even witnesses)
-  **Insurance** information for you and everyone else involved
-  **Medical** records that resulted from this injury
-  **Contact** information for all doctors related to this injury
-  **Police** reports (or similar) related to this injury

It's not difficult to prepare to talk with one of our attorneys. In fact, meeting with us will likely be your first step to a much more reasonable process of recovering from your injury, because if we take your case on, we can help handle the communication with insurance companies, allowing you to focus on getting well.
